1. The Little Angel Package is developed for a **one child or individual only**. The photographs include both traditional and non-traditional poses. We want our session to be fun as our goal is to capture the child's true personality. Don't be stressed about your child acting up or being a kid, that is what we want.

2. The Together Forever Package is designed for **two children, a parent and child, or a couple (e.g., engagement)**. **This package is also considered our maternity package.** The photographs include both traditional and non-traditional poses. We strive to capture the love between a parent and child, siblings, and our engagement couples. In this package, we photograph the subjects together as well as individually.

3. The Three Peas In a Pod Package is designed **for a child with two parents, three children, or three subjects of choice**. This package includes traditional and non-traditional photographs. We photograph all three subjects together as well as individually.

4. The We Are Family Package is designed for a **family larger than 8, but no more than 12**. This package is a great gift for a family to share. We spend up to four hours with your family both indoor and outdoor. We photograph the family as a whole as well as "families within the family". We photograph children together, parents together, and grandparents. Basically, we are your personal photographer for the day to capture timeless moments of you and your family.

5. A unique digital creation is an image made from one or more photos with significant digital enhancements. (e.g., selective colorization, image overlays, collages, etc.)

6. Prints include digital touch-ups and blemish-removal at no additional charge.

7. Slideshow CD contains high-resolution digital images from your photo session. If you have a copyright release form, you can use the CD to create duplicate prints using the print service of your choice.

8. Our wallets are of the highest possible quality. They are bevel-edged, textured, and foil stamped in gold or silver with your child or family name. You may select up to two different poses to be used as your wallet prints at no additional charge. If you want to use more than two different poses for your wallet prints, each additional pose over two will cost an additional \$15 setup fee.
